

District Administration, Gurugram

Date: 9th July, 2023

Advisory

Whereas since morning today i.e. 9th July 2023, District Gurugram has experienced heavy & continuous rainfall and there is a prediction for heavy rainfall tomorrow as well. The significant rainfall and the continuous forecast raise concerns regarding waterlogging, tree falling and disruption in civic amenities in several areas of the district.

While the civic authorities are actively working to address the situation, it is essential to exercise caution and minimize travel during such conditions as waterlogging can disrupt the smooth flow of traffic and pose risks to public safety.

In consideration of the aforementioned facts, all corporate offices and private institutions in the district are advised to **guide their employees to Work from Home tomorrow i.e. on 10th July 2023** so that traffic congestion can be avoided and repair/restoration of civic amenities can be carried out smoothly by Govt. agencies.

District Magistrate-Cum-Chairman,
District Disaster Management Authority,
Gurugram

Endst No.: 3010 / M.B. Dated: 09.07.2023 .
